RE: Support of Casino Legislation

Dear Legislator,

Thank you for your continued efforts to bring good paying jobs to the hard working men and women of our state and particularly West Central Indiana. The Terre Haute area has experienced several businesses and industries leaving here and taking several good paying jobs with them. We have an opportunity to revitalize with our own investment of a convention center and several other projects in the area. Our efforts may magnify in a manner that we honestly cannot even predict with numerous job opportunities during the building process of a casino, plus the full time employment offered upon completion.

Our statewide local has benefited from these same opportunities in South Bend and Evansville. These two areas are very busy and benefiting tremendously with economic growth that is drawing in commercial and industrial business. The amount of construction and full time employment positions there are directly affecting their unemployment rates.

Please honor our support and encouragement as the General Assembly and Governor Eric Holcomb consider proposals for a casino here in Terre Haute that will economically benefit our community exponentially.

Sincerely,

A handwritten signature in blue ink that reads "Shaun L. Reinoehl".
